

# BOSWELLIA BALM

**MUSCLES & JOINTS**

## Safe & Effective for Daily Use

**Boswellia Balm** has boswellia along with menthol and camphor in a base of coconut fruit oil, beeswax, and sesame seed oil. Boswellia, the key ingredient, has a number of beneficial compounds including AKBA (acetyl-11-keto- $\beta$ -boswellic acid). Unlike unstandardized boswellia, which has compounds not associated with healthy benefits, our balm uses a unique process that ensures at least 10% AKBA, the desired compound. The result? Every horse can get the support they need in a cooling, fast-acting, topical balm. Choose Boswellia Balm from Terry Naturally® Animal Health.

It's a good idea to keep Boswellia Balm in your tack box, where it's always just a "grab away" for your active horse to experience a multitude of benefits.

### Perfect for the equine:

- Back
- Shoulders
- Hocks
- Neck
- Withers
- Knees

**Or any Muscle or Joint! And, it can be used every day.**
