

Comfrey Cream

Joints, Muscle, Skin

The “Must Have” for Your Customer’s Tack Box

Whether in the barn or on the go, you want to provide just what your horse needs. For joints, muscle and skin—there’s Comfrey Cream. Convenient and reliable, Comfrey Cream is the perfect addition to your tack box.

Comfrey Cream absorbs quickly. It can be used as a liniment or as a poultice, whichever suits your horse’s need. The ancient “go-to” wisdom of this botanical is a welcome addition to your equine protocol as a prized performer.

What’s Inside:

While **comfrey** is a highly regarded herb used for thousands of years, choosing the right comfrey free from pyrrolizidine alkaloids (PAs) is important. Our specialized Comfrey Cream is rich in goodness and contains the desired key elements,—rosmarinic acid, allantoin, and choline—from the flowers, stems and leaves. It’s grown in Germany without chemical pesticides or artificial fertilizers, and is free of the toxic PAs found in more common comfrey varieties extracted from the root.

It’s a good idea to keep a tube in your tack box, where it’s always just a “grab away” for your horse to experience the amazing benefits of Comfrey Cream.
